

CAT 289D

TRACKED SKIDSTEER

FEATURES:

- Sealed and Pressurized Cabin
- High Performance Power Train
- High Flow XPS Hydraulic System
- Electronically Controlled CAT C3.3B Engine
- CAT "Intelligent Leveling" System
- Ground Level Maintenance Access
- Suspended Undercarriage
- Meets Tier 4 Emission Standards

DIMENSIONS & WEIGHT:

Overall Length	3714mm
Overall Width	2130mm
Overall Height	2113mm
Operating Weight	4778kg

RANGE:

Max Bucket Pin Height	3178mm
Max Reach and Dump Height	2387mm

KEY BENEFIT:

High flow hydraulic system, ideal for applications that require maximum attachment performance.
